

The Trash Can List

Please don't flush these items down the toilet. These wastes go in the trash can. These items will cause blockages in sewer lines and clog pumps in our Lift Stations. Help the City of Leesburg keep the sanitary sewer lines free of blockages.

- Feminine products
- Unused medications (place the original containers inside a plastic zip-lock bag before tossing them in the trash)
- Cotton swabs
- Cotton balls
- Bandage wrappers
- Wipes of any kind
- Disposable diapers
- Nursing pads
- Heavy-ply workshop towels
- Disposable mopping products
- Disposable cloth towels

These common sense facts are brought to you by Captain Grease Trap Man to protect the City of Leesburg, public health and the environment. Biodegradable doesn't mean flushable. Should you have any questions about this, please contact –
